User Guide

View & install available apps for Android Auto™

STEP 1

1. Open the Android Auto™ app at your Android phone
2. Grant permission for all the notifications
3. Press the ☰ on the top left navigation of the screen
(Highlighted in red)
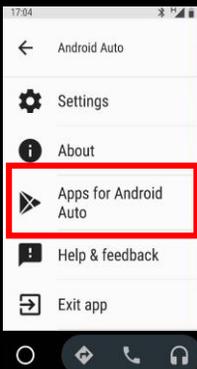

STEP 2

Click "**Apps for Android Auto**" from the expanded menu (Highlighted in red)

STEP 3

Scroll to the end and select "**Explore All Apps**" (Highlighted in red)

STEP 4

All the available apps will be displayed. Select and install the apps you wish to mirror on to Android Auto™.

(Apps which are already installed in your phone need not be re-installed again)
